I-933

Initiative 933 would create a system that forces taxpayers to pay some land owners to follow laws already on the books or waive those protections for the community. These are protections that keep farmland in production for generations of Washington farmers in the future. *(from No on I-933)*

I-937

I-937 requires the largest electric utilities to get 15% of their electricity from new renewable energy by 2020. Utilities will also be required to pursue all low-cost energy conservation opportunities for their customers. *(from Yes on I-937)*

Darcy Burner to Ask the 31st Dems for Endorsement

Darcy Burner speaking at a 31st District Democrats meeting.

Darcy has made several visits to the 31st District Democrats and is running an aggressive campaign in South King County and North Pierce County. Darcy 'gets it', that the 8th can't be won without the 31st L.D.

31st Dem's "Take Back Our Country Celebration" a Huge Success

The Buckley Eagle's Hall made a great venue for our celebration.

The sold-out crowd welcomed Senator Maria Cantwell and candidates Yvonne Ward, Christopher Hurst, Karen Willard and Darcy Burner.

Catered by Buckley's own Buttered Biscuit restaurant over two hundred and fifty revelers feasted on great food. The 31st District Democrats would like to thank the Buckley Eagles Club for the use of their excellent facility, the Carpenter's Union, the Teamsters, and Senator Cantwell.

Senator Cantwell's Speech Greeted with Enthusiasm by Her Constituents

Karen Willard, Yvonne Ward and Senator Maria Cantwell.

The audience responded with loud applause as the 31st candidates and Senator Cantwell shared their concerns about the direction the country is taking. The speakers' resolve to address many issues- lack of funding for education, preserving social security, gaining fuel independence and eliminating tax breaks for corporations and the rich received thunderous approval.
